2. The last has already been sanctioned in this Branch under draft Bill has already been put in, making provision also for the imposition of a tax on pilgrims such as is proposed in draft No II. The other provisions proposed may perhaps be embodied in the same bill in their proper places

3. Perhaps the fee proposed Rs. 175 A. May be 176 A (Vide draft for approval II)

Why should motors be taxed less than horse carriages? The maximum may perhaps be fixed at Rs. 15 for motor cycles at Rs. 10.

To Mr. Kohe

Adding a clause to Sec 5, after clause X, as proposed may be adopted. The next clause will be clause XI of Sec 5 and the Explanation to clause XI will be clause X. The present position of Explanation to clause X need not be disturbed, as proposed in the office note above.

New Section 72A

The draft clause (which is based on the Bombay Act) is all right but I would invite attention to the fact that in the clause as it stands at present the assignment of the tax to a Taluq Board can be made only if the Taluq Board has been declared an independent Board under Sec 13 of the Local Fund Act. The question whether the restriction is necessary or not for the administrative Board to consider

II (b), Giving Status to the members of the Sanitary Board in a municipal Council

1) The draft Bill on this point seems to require further consideration. It is proposed to add the words "the members of the Sanitary Board" to Clause (a) of Sub section (14) of Sec 26 But it is not clear which "Sanitary Board" is here referred to, as there are "District Sanitary Boards" and a Central Sanitary Board in our Health Department

(2) If it is the former that is referred to, as probably it is, then the words will have to be more specific

(3) Attention is also invited to the fact that the District Engineer and the Civil Surgeon of the

Districts are mentioned specifically in the clause now sought to be amended and as they are also members of the District Sanitary Board it appears there will be some repetition in amending the clause as proposed. This point will be further investigated after it is definitely known what Sanitary Boards are referred to in the proposed amendment

II (c) Power to Govt to frame rules re plans and Estimates

(1) The object of the proposed amendment appears to be to empower Govt to assume control, if necessary, over the preparation of plans and estimates of works

(2) Re-examine the draft Estimates of Receipts and Expenditure annually are also included

I think the proposed rule re confiscation of goods is too drastic and opposed to the spirit of the Regulations. A license may be required to be taken out this is necessary for administrative purposes the penalty provided for a breach of the rules appears quite sufficient. If the Lt Governor agrees with me the question of confiscation may be dropped.

I submit for approval the draft of a bill to amend the Mysore Municipal Regulation, 1906, with the Statement of Objects and Reasons, and a draft of a D.O. letter to the Resident intimating that it is proposed to place the Bill before the Legislative Council.

B

(2) The particulars of the amendments proposed and the reasons therefor are clearly explained in the Statement of Objects and Reasons.

C

(3) The draft as originally prepared included provisions similar to those contained in the Bombay District Municipalities Act authorising the levy of a tax on pilgrims resorting to a shrine situated within the limits of a Municipality, the collections from this source being intended to be utilised for ensuring the health, safety and convenience of the pilgrims. The insertion of such a provision was suggested by the Residency when the draft of the Municipal Regulation of 1906 was under discussion but it was considered that such a tax would be highly unpopular, especially

in a Native State. But the question was again raised in 1907 in connection with the provision of funds for improvements required to the Melkote Town. when the Council recorded a resolution in favour of taking power under the Municipal Regulation to impose a Pilgrim tax, and this was approved by His Highness in order dated 2nd March 1907. The necessary provisions were accordingly inserted in the present draft bill; but in view of the extreme unpopularity of such a tax, as evidenced by the recent experience at Sravanabelagola, I suggested to the Councillors that these provisions might be omitted. The Second Councillor is disposed to agree. The First Councillor has noted that a tax on pilgrims is opposed to the public sentiment, but that if there was an enabling provision in the Regulation, the levy of such a tax would be optional. He has however no objection to the clauses relating to this tax being left out.

4. The clauses referred to (clauses 3 and 4 as originally drafted) may be left out, lest under such a provision attempts should be made to impose such a tax and the Government should have to retrace their steps, as happened at Sravanabelagola recently.

21 Aug 1911

I enclose herewith a copy of a Draft Bill to amend the Mysore Municipal Regulation of 1906. The nature and object of the changes proposed to be introduced are explained in the statement of objects and reasons appended and it is unnecessary here to dwell at length on them. The only important provisions are those relating to (1) the levy of a tax on pilgrims resorting to a place of pilgrimage and (2) the regulation of the use of carts plying for hire within municipal limits. In regard to the former, experience has shown that the limited resources of a municipality are quite inadequate to provide for the sanitary comforts of the large number of pilgrims that generally visit such places. Nor is the State Muzrai department able to provide sufficient funds for this purpose. The necessity for finding out some fresh source of income was forced on the attention of the Durbar by the instance of Melkote, a place in the Mysore District resorted to by a large number of pilgrims.

Leg. F. 42/10-11 12

As stated in the statement of objects and reasons the draft provision has been taken from the Bombay District Municipalities Act and I may add that in this matter the Durbar are only following the suggestion of the Residency contained in Mr. Moss King's letter No.413 dated the 24th ~~June~~ January 1905, para 8 on the subject of the draft municipal regulation.

91. N

The clause 2 which relates to the regulation of carts plying for hire is intended to bring the ~~loads~~ laws in the city Municipality on a line with that obtaining in the Civil and Military Station, Bangalore, (Please see correspondence ending with this office letter Pol. Leg 762/1940-41 (9)

Statement of Objects & Reasons.

The Municipal Regulation introduced into the State in 1906 has been found to be defective in some important particulars, and the object of the proposed Bill is to remedy these defects.

Clause 4. The Old Municipal Regulation of 1871 (as amended by Regulation VII of 1899) which was in Bangalore & Mysore Cities prior to the introduction of the present Regulation authorised the Municipal Councils to regulate the sale of dutiable articles by requiring licenses to be taken for their sale. As the present Regulation contains no corresponding provision and as the need for it has been felt by the Bangalore Municipal Council, it is proposed to amend Clause K of Sub-Section (1) of Section 46 of the present Regulation suitably.

45

Clause 2. This Clause gives power to the Municipal Councils to regulate the use of carts plying for hire within Municipal limits. The draft is based on Section 137(a)&(b) of the Municipal Act as in force in the Civil & Military

tation,

Station, Bangalore.

Clause 3. This new provision has been taken from the Bombay District Municipalities Act. on which our present Regulation is based. Experience has shown that places of pilgrimage are liable to frequent - visitations of Epidemic Diseases, due - to large concourses of people and it is necessary that, in the interests of the health of the pilgrims -- themselves, the sanitation of the place should be specially safeguarded. The - Local Municipality can hardly be expected to provide special arrangements and it is not unreasonable to expect that the pilgrims, to whose benefit the proceeds will be applied, should be called upon to when they resort to such places.

Clause 4. This lays down how the tax realised under the above Clause may be utilised.

Clause 5. The Old Municipal Regulation contained a provision empowering specially authorised officers of the Municipality to seize dutiable

dutiable goods that were suspected to have been smuggled. There is no provision corresponding to this in the present Regulation. This defect is now sought to be remedied by this Clause. It is to be noted that the penalty of confiscation provided for in the Old Act for smuggling has not been adopted, as unnecessarily stringent.

Clause 6. This is based on Section 3 of the Mysore Local Boards Regulation and supplies a defect in procedure, in regard to the sanctioning of certain Major Works undertaken by a Municipality.

lause 7. The maximum rate at which a motor car or a Motor Cycle can, at present, be taxed under Section 59(ii) of the present Regulation is Rs.6 a year. This limit is considered too low, and it is proposed in regard to Motor cars & cycles. The draft to fix lays down a tax of Rs.30/- per annum for Motor cars and Rs.15/- for Motor cycles.

Dt 4-7-1911.

Sir,

I am directed to state that the Municipal Regulation which was introduced into the State in 1906 and which has been in operation for about 5 years has been found to be defective in certain important particulars and it is therefore proposed to remedy these defects by means of the accompanying Bill. The changes proposed to be introduced are explained below:-

2. Clause 1.

This relates to the sale of articles liable to octroi duty. Under the old Municipal Regulation of 1871 as amended by Regulation VII of 1899 which was in force in the Cities of Bangalore and Mysore, the Municipal Councils had power to regulate the sale of such articles by requiring a license to be taken by the vendor. This provision was

omitted

Leg 7-6 20/11/50

omitted in the Regulation of 1906, which was modelled on the Bombay District Municipalities Act of 1901. It has been found by experience particularly by the City Municipality of Bangalore that smuggling cannot be effectively prevented unless there are facilities for tracing articles suspected to have been smuggled. It is therefore proposed to bring the sale of such articles under control by requiring a license to be taken out for the purpose. The provision in clause 2 is consequential to the above and also enables Municipal Councils to authorise their officers to enter and search any premises suspected to contain dutiable articles on which octroi has not been paid and to seize such articles and to arrest the offender. The person arrested should be produced within 24 hours before a Magistrate exercising jurisdiction within the Municipality. This provision also existed in the old Regulation of 1871 referred to above, and it has been found necessary to reenact them now. At the same time sufficient safeguards have been provided to ensure that the power

of

of search and seizure shall not be recklessly used by the officers of the Municipality. It will be observed that it is only an officer duly empowered by a Municipal Council in this behalf that can enter and search any premises and even he can do so only after obtaining a warrant from a Magistrate. The interests of the public are further safeguarded by providing that this clause shall not apply to goods up to value of Rs. 200/- kept by any person for the purpose of bona fide home consumption. Moreover, the penalty of confiscation provided by the old Regulation has not been adopted as unnecessarily stringent.

51

4. Another provision made in this Bill relates to the tax leviable on Motor vehicles ( Clause 4 ). At the time the Municipal Regulation of 1906 was enacted, neither the Government nor the Municipal Councils anticipated any large increase in the number of Motor vehicles using public roads . Experience has shown that the maximum tax which can now be imposed on this class of conveyances Viz., Rs.6/- a year is too low.

It

Reg. I 42 of 1910-11

16

It is therefore proposed to raise the limit to Rs. 30/- for motor cars and Rs. 15 in the case

5. Clause 3 in the Bill supplies a defect in procedure and is based on section 31(g) ~~of the~~ of the Mysore Local Boards Regulation 1902.

6. In this connection I am to invite reference to the correspondence ending with Mr. Moore's letter No. 649 dated the 3rd February 1910, on the subject of the framing of ~~the~~ byelaws by the Bangalore City Municipal Council for the control of carts plying for hire within that Municipality for the conveyance of goods or other loads. The suggestion has been given effect to in the Public Conveyance Regulation which has been recently passed into law ( Vide ~~clause~~ def^n of "public Conveyance" in sec 3 of the and P. C. Reg^n para 2 of the Report of the S. C. on the Municipal amendment Bill).

7. I am now to forward a copy of the Bill as finally adopted by the Legislative Council together with copies of the Bill as introduced into the Council and the reports of the Select Committee on it and to request

that

that the sanction of the Government of India may be obtained for its being passed as Law.
